

June 2015

Greetings from Beautiful Madang!

Is it June already?! The summer months bring much excitement and adventure as people come and go. Recently, two finance gurus came to help with a major finance program overhaul, a translation consultant came to work with a team in Romans, and the interns are coming.

To start May we hosted two beautiful, energetic girls under the age of five. We hosted the girls while their parents journeyed to Gandep to teach for one week at the school. It was a great week learning about different princess stories, creative ways of eating our food and gaining an assistant in the kitchen to make dinners. The experience was worth it as their parents could make a trip together to experience first-hand the joy of ministry with Papua New Guinea church leaders and pastors. The highlights were when Uncle Tyler setup the slip-n-slide and made Saturday morning pancakes.

Tyler spent his time split amongst a number of things as usual. First part of the month, he spent in preparation of the two finance guys coming to switch accounting software's. It was Tyler's job to install and setup the software. He ran into a few headaches mainly dealing with firewalls and just figuring out how to best configure the software for our needs. Tyler was also instrumental in setting up the Mborena Kam recording team with two computers and headsets so they could start recording the book of Matthew. We all know old hats never really go away; well Tyler put his maintenance hat back on. He had promised to install an automatic gate controller at the property we remodeled last year. After waiting on various parts from Australia and the right timing, the setup and installation of the automatic gate happened the last week of May. Praise God, Tyler was able to fully configure the gate and complete the project so now the tenants have a push button gate opener.

Emily has enjoyed being a part of the team facilitating the Mborena Kam recordings the past few weeks. Fidelis, Sam & Thomas have been working on recording the book of Matthew. After they each complete recording a chapter, they sit down as a team and listen to the recordings to catch any reading errors or identify if what has been recorded sounds natural in the Mborena Kam language. This helps the translation team know ways that the text can be improved before publishing. It is a tedious process, but we believe the investment of this time will pay off in the future.

Not to forget, we have purchased our airline tickets for our home assignment later this year. We will be in the USA from Aug to Dec. We plan to return to PNG in the first week of January. We will be making a number of trips to visit many of you as well as family and friends. If you or your church would like to schedule an appointment please let us know.

Pray for us as we prepare for our time on home assignment August-December. Pray for spiritual and physical protection for the Mborena Kam translation and recording teams and their families. Pray specifically for our friend Delcy that a sore she has in her mouth will respond to medicine and heal quickly. Pray for Tyler, Emily and teammate as they help facilitate the recording of Mborena Kam book of Matthew. Pray for our physical, mental and spiritual health.

Together in Christ,

Tyler and Emily Hewitt
