

March 2016

One of Tyler's goals for 2016 is to enable at least three nationals to use a laptop with a solar power system in a village setting. Last month he was able to get two laptops in the hands of two nationals. He was able to train the two men how to use Wasta-Linux operating system and how to use the solar power system that is specifically made for low power computing. One national is working with Bible Society of PNG to revise the Tok Pisin Bible and the other is helping PBT with literacy efforts. Please pray for these two men and God will bless their efforts and these pieces of technology will aid in advancing the Kingdom of God in PNG.

Another highlight was a surprise birthday party for Tyler. Emily was able to setup a surprise party at our house and have many friends over to celebrate with a barbeque and of course chocolate cake with chocolate icing. One not so fun experience was Tyler being sick with a mixture of allergies and a cold that hung on for nearly two weeks. As the dust rose in the air with the shuffling of offices this might have been the cause of his sickness.

Throughout February, Emily had the opportunity to facilitate the Mborena Kam recording teams session. Truthfully, facilitating this session was very low key because the men doing the recording have gotten into such a rhythm, that little oversight is necessary. Praise God, just last year these men began the journey of learning the ropes of recordings, now they are in the stages of recording the last chapters of the New Testament assigned to them. Only by the grace of God! Pray for this recording team as they finish their first drafts of recording, peer check, and re-record where necessary.

Last month, we asked you to pray with us for our PNG mama, Dulcy, as she battles mouth cancer. These past few weeks have been weeks pleading for God to release her from the pain that she is in. Her family continues to request for us to ask everyone to pray that God will take her home to heaven as they see her physical struggle. We recently received a phone call saying that she has passed and the pain is over. Pray for her husband Steven, as he enters a time of mourning and grieves the loss of his wife. Pray most fervently for the spiritual battle that is taking place, that Steven and Dulcy's family can be a light of God's faithfulness even in a time when it seems like there are reasons to doubt it and be angry. Also pray for us as we seek to minister to the Mborena Kam team during this time of death and sadness.

At the end of this month, Tyler along with another teammate will be traveling to Chiang Mai, Thailand to attend a conference that is centered on distribution of media and many other areas relating to Scripture Impact. Please pray for Emily while she will be in Madang during the two weeks Tyler is gone. Pray that Tyler will learn more about new technologies and will have opportunities to make connections with some of the 400 organizations that will be represented.

Praise God for enabling Tyler to achieve one of his goals for 2016! Praise God for another great year of life for Tyler. Pray for Dulcy's family as they grieve her death. Pray for our physical, mental and spiritual health. Continue praying for us to seek out ways to minister to the community we live in here in Madang.

Together in Christ,

Tyler and Emily Hewitt
